Annette,

~

As per your request, you will find attached a summary of the contents of the respective vulnerability profiles of Crowdfunding and PPSPs for the National Inherent Risk Assessment for your review. Additionally, it also highlights references to crowdfunding and Payment Processing Services Providers (PPSPs) risks associated with the Ideologically Motivated Violent Extremism (IMVE).

My thanks to s.38 for their efforts on this. We look forward to any comments or direction you may have.

~

I received the VC draft today (thanks, s.38) and will review tonight to provide you that as well.

Regards,
